## My prayer priorities for the week beginning Sunday 22 December 2019

### Thought starters for personal reflection or group discussion

1. The average person hears about 25,000 words per day. What determines how many of those words I actually listen to?
2. What are the qualities or skills that make one a 'good' listener?
3. Jesus is God's Word. How can I improve my spiritual listening skills?
4. Yesterday, how many minutes did I invest in speaking to God? How many minutes in silence, deliberately listening for God's voice?
5. How many of yesterday's words made a positive difference in the life of another person? How much of my self-talk helped me?
6. What are some implications of, a) Jesus being the Creator of the world, and b) me being a resident of the world?
